Updated: March 18, 2021

Bank account information may be changed from time to time, please consult us for latest information before making a bank transfer.

Editorial assistants provide customers information of bank transfer (wire transfer) only when the customers have no other choice. Please understand that it costs much time to verify bank transaction, since the reference information may be lost during the bank processing.

In addition, remitters **MUST** scan and e-mail the bank remittance receipt to our editorial assistant when payment has been made, including remitter's name, journal title, article title and author names in email. Without remitter's name, we **CANNOT** match your information with information from our bank. If your receipt does not include the exact remitter's name, please indicate it in Email.
